How to get to the Race

By Bus

The number 7 bus runs across Coventry hourly on a Sunday morning (starting from Bell Green) and passes close to the Race HQ on Browns Lane – Marystowe Close is the nearest stop. Alternatively, the X1 travels between Coventry and Birmingham twice per hour on a Sunday morning – nearest stop is Neale Avenue, about a mile from Race HQ.

By Rail

The nearest railway station is Coventry, which is about 4 miles from Browns Lane. From the station it is an approx 10 minute taxi ride or you can take any bus to Pool Meadow Bus Station (advertised as “City Centre”) and then either the 7 or X1 bus as per the bus directions above.

Parking Locations

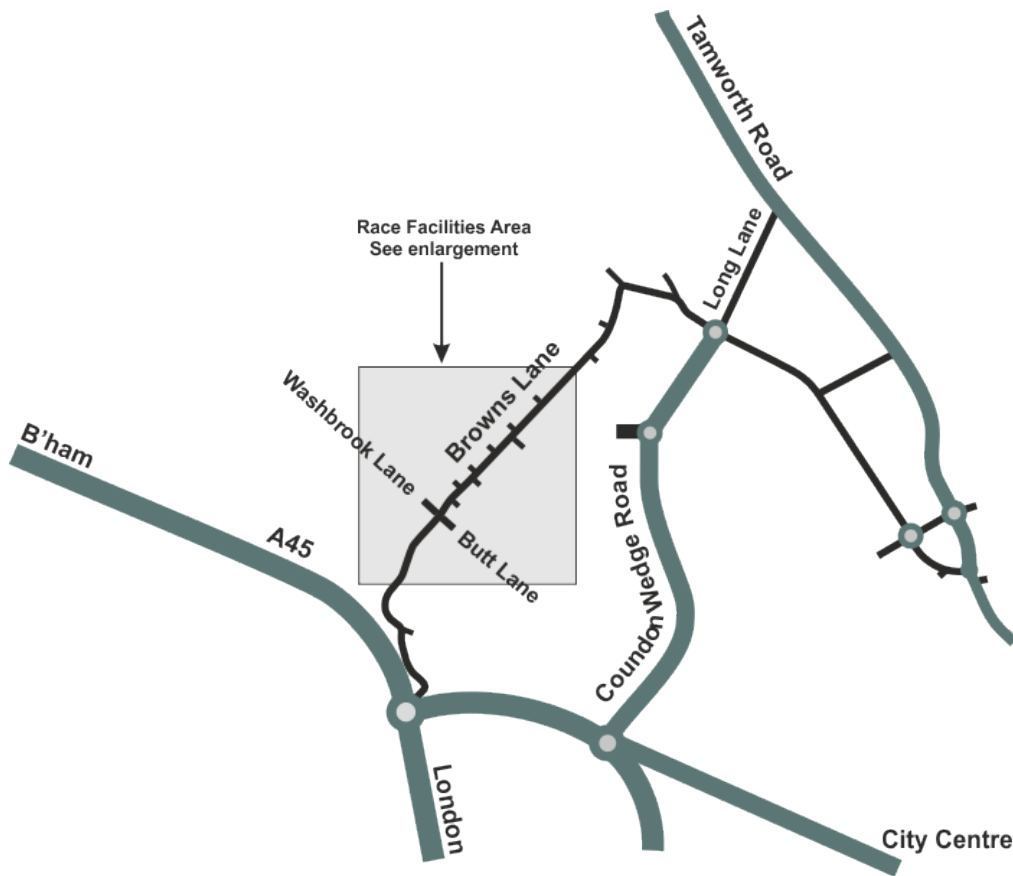

We have very kindly been offered the use of three new car parks this year, which we hope will help us to reduce the amount of on-street parking around the race start and finish area. These car parks are the Coventry Hill Hotel on Birmingham Road (postcode CV5 9PH), plus the Birkdale (postcode CV5 9DQ) and Norman Hay (postcode CV5 9PF) car parks on Sayer Drive, within Lyons Park business park. All three will be signposted locally on the day.

As a general rule, we would suggest those coming from the west (A45) use the Coventry Hill Hotel car park and those from the east (most of Coventry) use the two car parks within Lyons Park. Please allow plenty of time for your journey as there will be some walking from these car parks to the Race HQ. We will have marshals at these car parks to help you navigate your way and advise in the event a car park becomes full. These car parks will remain open for the duration of the race and long enough to enable attendance at presentations afterwards, but please don't leave vehicles parked here all day.

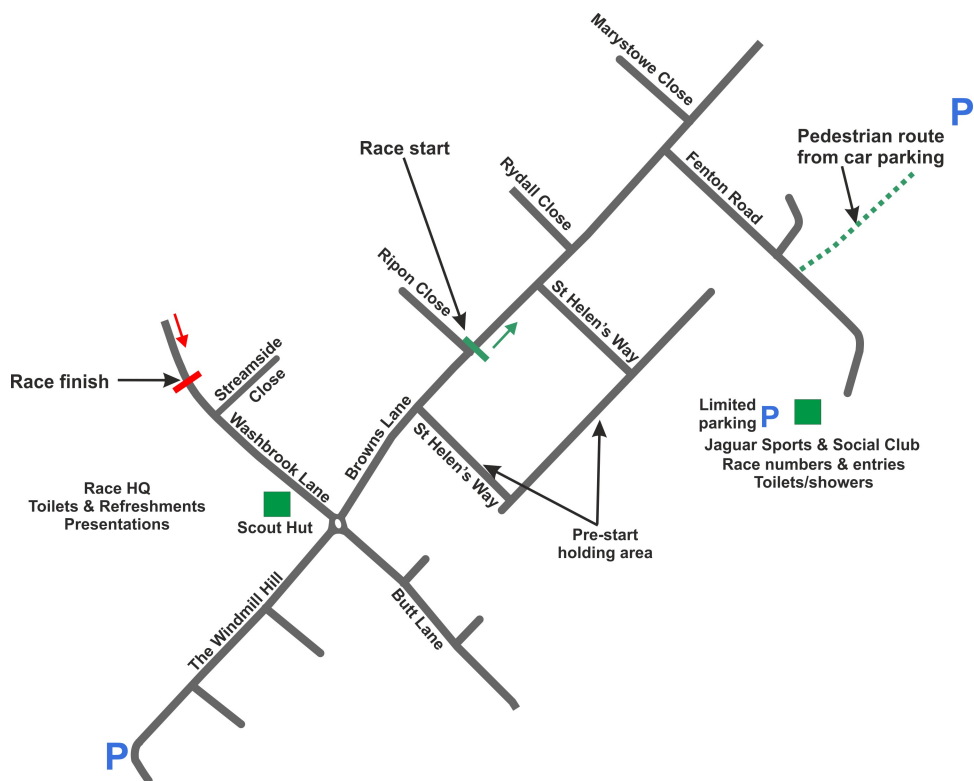

Please car share where possible – there are only so many spaces in each car park and we need to minimise the amount of on-street parking as much as possible. There have been complaints in the past about runners blocking driveways, so your co-operation will be appreciated here. Competitors must not park in Browns Lane as this affects access for residents and may impede the race route.

As in previous years, a small amount of parking for the disabled is available close to the Race HQ and the start. We ask that you advise us when entering the event so that spaces can be reserved.
